Q: How do I pay for my order? Do I have many choices?

A: We accept payment via Credit Cards or Western Union now. At present, we can accept Master Card, Visa Card, American Express Card, JCB card.

With credit cards, you can make payment quickly and securely online.

There are many Advantages with using Credit Cards Online Payment:

(1) Payment can be done directly and immediately after submitting the order.

(2) You don't need to share any of your confidential financial details with our website. The payment process is well under control and protection

Q: Why can't I use the card normally?

A: (1). Your debit card is out of the available scope of the bank.

(2). Online payment feature of your debit card has not yet been opened.

(3). There is no sufficient fund in your card.

(4). The card number or password you entered is incorrect.

(5). The ID card number you entered is incorrect.

(6). The data transmission of bank system is abnormal.

(7). Network interruption.

(8). The amount of payment is unequal to the item price.

(9). If your VISA, MASTER or JCB card is effective, the main reason which caused your card can't work normally is that you haven't done the 3D verification.

The 3D verification is a free service provided by the credit card company to guarantee the secure online shopping for customers.

You can directly call your issuing bank to ask them to add this kind of service for you.

PS: In terms of VISA card, this service is called verified by visa service; in terms of MasterCard and JCB card it is called MasterCard secure code service and J cure service.

Actually this will provides you with one secure code to guarantee your personally use of this card in order to avoid the occurrence of fraud.

Q: Instructions for Returning Faulty Goods

A: Before returning goods, please contact us first to discuss the issues you are having. Normally it will take 2 weeks to return goods to us by Post Office.

Q: How to Cancel an Order before Payment and after Payment?

A: (1) Cancellation before payment If you have not paid for your order, there is no need to contact us to cancel it. We ignore all orders until a matching payment is received. So if you haven't paid, don't worry, we're not processing your order. You are under no obligation to follow through and pay for an order just because you checked out your cart online.

(2) Withdrawing an order after payment If you have placed an order and you have paid, and you want to cancel, please contact us as soon as possible. Once we have shipped your item, we cannot cancel it. If you are uncertain about something on your order and you think you want to change it, please contact us and put the order on hold while you decide. This will stop the packing process so you still have a chance to make changes. If the goods have already been delivered, we can't cancel or change the order. If you want to cancel an order because you are adding further products, but not cancelling the previous items, you can simply place another order and tell us. We will ship them together. If the order is in an early processing stage, you may be able to change your mind and cancel the total order. You can ask for a refund or keep your payment as a credit.
